With a solid understanding of web development fundamentals (HTML5, CSS, JavaScript) and programming languages (MySQL, C++, Java), I have gained practical experience through online. In addition, I bring 5 years of experience in video editing and 4 years in graphic designing, which have strengthened my creativity, technical expertise, and ability to deliver engaging digital content. I am now eager to apply my combined skills in a professional work environment, contributing to real-world projects and delivering effective solutions. Passionate about technology and committed to lifelong learning, I am confident in my ability to add value to your team while continuing to grow as a professional.
